Proud to Support Cornwall

As a family run company, we understand that second homes and holiday homes can be a sensitive topic in Cornwall. That's why we believe in being open and transparent about how our holiday homes fit within the local community and the positive role they play.

No Impact on Local Housing

Holiday homes at our parks are designed exclusively for holiday use. This means they do not reduce the availability of housing for local residents, ensuring that families in the area can continue to access the homes they need, without any added pressure.

Supporting Local Jobs & Businesses

Visitors and holiday homeowners contribute directly to the local economy by spending in shops, cafés, restaurants, pubs, and attractions. This supports local jobs and helps businesses thrive year-round. From housekeeping and maintenance, to hospitality and management roles, tourism creates valuable opportunities across the community.

*Wonderful place to be,
we own at Meadow Lakes
and we're so happy.
Our little bit of heaven.*

Keeping Cornwall Vibrant

Holiday homes help bring people to Cornwall, supporting a lively and thriving environment for towns and villages. Local events, attractions, and services all benefit from increased visitor numbers, helping to make Cornwall an even better place to live and visit!

Our Commitment to the Community

Being part of the wider Cornwall community means a lot to us. Our focus is on making a positive contribution, supporting local shops and services, creating employment, and helping the area flourish, while always respecting the needs of local residents.

***We're proud to be part of
this wonderful region and to
contribute to its economy,
culture, and future.***

More than just a holiday home

Many of our owners say the most rewarding part of ownership isn't simply the holiday home itself, it's the lifestyle, freedom, and memories that come with it.

The parks have become far more than a place to visit, they're somewhere to truly unwind, reconnect, and enjoy more time doing the things they love most.

From peaceful mornings on the decking to weekends spent exploring the best of what Cornwall has to offer with family and friends, ownership creates moments and experience, that stay with you long after the holiday ends.

- *Freedom to escape more often*
- *Memories created with loved ones*
- *Somewhere special that's yours*

We bought a pre-loved holiday home at Oaklands and we've been coming here for the last 5-years & love it. It's a lovely well-run site the staff are very professional & welcoming who go above & beyond, very close to all amenities, & dog friendly - a wonderful retreat
